### A Talk To Housewives

Real warm Summer weather is just around the corner, but days when it is impossible to find a cool spot anywhere when her food is rancid and cold is a real order of day.

It is then that the housewife has to use her wit to invent and devise means that will be comforting and at the same time nourishing.

The most perfect food we have is milk. It is the cheapest food we have, and it is all foods from the most difficult to eat, and it is the most nourishing.

With certain good milk, it is easy digestion and is most nourishing. It makes bones, muscles and blood. It is the most nourishing food we have, and it is the most nourishing food we have.

The various members of the genus have been known to be made with milk, both hot and cold, and the cold ones are delicious. The housewife and mother need to know about the system of milk and vitamins for the little folk.

It is then that the housewife has to use her wit to invent and devise means that will be comforting and at the same time nourishing.

Women don't play ball but the players are lost far east to talk

### Whole Wheat Bread

After reading a newspaper article headed "The Health Problem of the Nation," a health promoter, an Ohio man expressed himself to this effect:

"I was not sure that I had never seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat."

"I was not sure that I had never seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat."

"I was not sure that I had never seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat."

"I was not sure that I had never seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat."

"I was not sure that I had never seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat."

"I was not sure that I had never seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat. I had seen a loaf of bread that was not made of whole wheat."

### Seninel Hill Items

The wheat seeding is finished, and many fields are showing quite green. Mr. R. A. McPherson has a lot of wheat seed in his field.

Mr. Kellie, of Victoria, is the guest of his daughter at the Ten Star's Residence. Mr. Kellie is a well-known man in the community.

Under the supervision of Dr. Under a very successful session of the Seninel Hill Health Association, 154 College Street, Toronto, will be attended by later.

Chase's farm north of Delia, the roads and trails for miles on each and every side of this farm.

## Health Service of the Canadian Medical Association

### PREVENTION OF HEART DISEASE

In Canada, during the year 1926, over 11,000 persons died of heart disease, the total death toll in Canada being approximately 107,000. Heart disease which kills in adult life, is, in a large percentage of cases, due to conditions which occurred in childhood. The prevention of heart disease therefore, in adult life, is many cases depends upon the proper care of the growing child.

Heart disease seems to be closely connected with the type of infection we call rheumatic. We do not know a great deal about this rheumatic infection but we do know something of real value in the prevention of its serious results.

Growing pains in children should be considered as evidence of a rheumatic infection. They frequently precede delicate attacks of rheumatism, chorea (St. Vitus' dance) and heart conditions.

Some throat or diseased tonsils without removal of the tonsils are evidence of a possible centre of infection of the rheumatic infection.

Chorea is a rheumatic infection. At first it may be nothing more than a restlessness or fidgetiness, the jerky movements coming later.

All such cases should be placed under the family doctor for treatment of heart disease in the prevention of its serious results.

All those who have damaged hearts do not die of heart disease. If proper care be taken, they usually live a long time and die of some other malady. It is those persons who will not seek who practically cannot take proper care who progress rapidly.

From the Canadian Health, as published in the Canadian Medical Association, 154 College Street, Toronto, will be attended by later.

Chase's farm north of Delia, the roads and trails for miles on each and every side of this farm.

## Helping Armenian Refugees

Canada has always been sympathetic toward the suffering Armenian race in their terrible days of massacre and exile, as we can see by the thousands of thousands of them as refugees.

The Armenian Association of Canada and the Canadian Committee of the British Society of Friends, co-operating with the Canadian Armenian Relief Committee, have been organized in London, England, have been organized in London, England, have been organized in London, England.

## Fire Insurance

The Wagonway is a very strong Mutual Company, and their rates are considerably less than the Old Line Companies. Losses satisfactorily adjusted and prompt paid. Write for terms. We will not let you down. Don't go uninsured.

## The Kennedy Drug Co.

DELIA, - Alberta.

## Repair Service

There is no further need for the car owners of this district to take their cars to Drumheller or Calgary for repair.

Our repair shop is equipped with the most up-to-date equipment, and we are in a position to do repair work on all makes of cars and tractors.

All Ford work will be done on the flat rate work schedule issued by the Ford Motor Co.

Customers are assured of expert workmanship by a competent mechanic.

Phone 28 W.M. GIBSON DELIA, ALTA.

## Payment Made For Lacombe and North Railway

A cheque for \$150,000.00 was turned over to Hon. R. O. Bird, Provincial Treasurer, on Thursday last, as payment by the Canadian Pacific Railway Company of the purchase price of the Lacombe and North-Western Railway. The railway was operated by the C.P.R. since the transfer of ownership from the Lacombe and North-Western Railway Company. The cheque was received by the Lacombe and North-Western Railway Company. The cheque was received by the Lacombe and North-Western Railway Company.

## Alberta Streams Being Stocked With Game Fish

A total of 12,000 potential game fish were distributed in Alberta fishing waters in 1927, according to the annual report of the Dominion Fisheries Bureau. These included 10,000 eggs, fry and fingerlings of Lake Trout, Outflow and Rainbow trout. In addition, nearly 2,000 young of the year were stocked in commercial fishing waters in order to maintain the supply of fish for this growing industry in the province.

## Will Move More Buffalo North

It is expected that some 1,000 head of buffalo, mostly year-olds, will be shipped from the Watrous Park early in June to the range in the far northern part of the province, where during the past three years several thousand head have been shipped. The number of animals which have been moved so rapidly to their sanctuary at Watrous Park early in June to the range in the far northern part of the province, where during the past three years several thousand head have been shipped. The number of animals which have been moved so rapidly to their sanctuary at Watrous Park early in June to the range in the far northern part of the province, where during the past three years several thousand head have been shipped.

## The Death took place on Monday,

14th inst., at Buffalo, Alta., of

Mrs. Susan, mother-in-law of E. R.

Sargent. The deceased lady came

to this country from Oxford, Eng-

land, about six years ago. Inter-

ment took place at Buffalo.

Ever since Sunday we have ex-

perienced sweltering hot weather.

Conditions for sowing have been

ideal, enabling farmers to make

good progress, and most of the seed-

ing in this district has been com-

pleted. Lots of rain would now be

welcome.

Under the auspices of the U. F. A.

an illustrated lecture, entitled—

"High Lights in Canadian History"

will be given by Prof. E. F. O-

Connell, of the University of Al-

berta, in the Empire Theatre, Delia

on Thursday, May 31. Pro-

ceeds are for the First Room Fund

Mr. J. R. and Mrs. Gesson left

early on Monday morning for

Edmonton, where they will at-

tend the annual conference of the

United Church of Canada. They

were accompanied by their daughter

Dorothy, and her, Fred Foster and

Mrs. Foster, of Calgary.

Mrs. Wm. Adams left on Friday

night for an extended visit to her

old home in Liverpool, Scotland.

While absent, she will visit several

friends in England, Ireland, and

Scotland. She will be joined later

by her husband, and on their re-

turn will be accompanied by her

father.

The many friends of Mrs. F. C.

Mitlenst will be pleased to learn

of her illness and operation in

Edmonton. The Rev. J. R. Gesson

of Calgary, performed the

operation on Monday morning, and

at the time of going to press we

pleased to report that Mrs. Mit-

lenst is resting comfortably.

At Ardenburg school on Friday

afternoon the travelling of the Can-

adian League took place. The

program opened by singing, "O

Canada!" after which a flag drill

was well received by the whole

school. The Rev. J. R. Gesson was

present and delivered an address

on the subject of the Canadian

League. He is to be congratulated

for his efforts to make this event

one to be remembered by the school.

The Delia district is very fortunate

to be able to bring to again

Mrs. McClung. The popular Cana-

dian writer and entertainer, who
